DUKE UNIVERSITY
ALUMNI AFFAIRS

To the Class of 1991:

On behalf of the 74,400 active alumni of Duke, we welcome you to Duke University. We extend best wishes for a productive and enjoyable time during the next four years.

This class pictorial directory has been published with funds provided by the Duke University General Alumni Association from alumni dues and contributions. We hope you will use it as a resource for getting acquainted with the wonderfully interesting and diverse group of individuals who make up the Class of '91.

During your student days, and after graduation, we will invite you to take part in many alumni sponsored activities. Those activities range from career counseling opportunities to meetings of local alumni clubs - a part of the Duke Network. By becoming involved you'll discover a host of educational and social rewards. We will also encourage your parents to take advantage of educational and travel programs organized by the Association while you are at Duke.

The Alumni House is located at 614 Chapel Drive at the main entrance to the West Campus at Duke University Road and Chapel Drive. Please feel free to visit while you are at Duke. From this point on we consider you as "alumni in residence."

Warm regards.

Sincerely,

Laney Funderburk

Aspirations toward excellence

Being a native Southerner, although a reconstructed one, I have grown during my more than twenty-five years at Duke University to be keenly interested in and attracted by a special quality that I find in Duke's history and in the University today. It is not easy, especially for a long-winded professorial type, to explain in a few words. But it has to do with the fact that Duke is where it is—in North Carolina and the South—and the kind of institution that Duke has been and is.

In the first place, North Carolina has always been in some ways both a quite essential southern state and, at the same time, an unsouthern southern state. Let me mention a few of the southern aspects first. The largest social class in the South before the Civil War, and for several decades after it too, was made up of yeoman farmers—men and women who owned their modest acreage and worked hard to make their livelihoods from it. North Carolina, with relatively few great plantations, was the special home of the small farmers. The individualism and self-reliance that once characterized so much of agrarian America lasted long in North Carolina—and has not, in fact, completely disappeared to this day.

On the other hand, the Tar Heel state has never fully conformed to certain historic southern norms. There has always been an attractive element of othermindedness about North Carolina. There have been, for example, more dissenters and exceptions-to-the-rule in North Carolina than in either of her neighboring states, Virginia and South Carolina.

Perhaps that other-mindedness furnishes a clue as to why the trustees of struggling little Trinity College, our institutional forebear, picked an audacious, innovative Yankee, John F. Crowell, to become president in 1887. That was a time when so much of the South was still mired in bitter memories of the Civil War and sectional defensiveness, yet Trinity dared to be different.

Trinity, in fact, aspired to excellence. Now, aspirations toward excellence are not uncommon among educational institutions. Practically all of them mouth the words, sooner or later. To dream of excellence and to begin to have the money to pay the inevitable costs of it, however, was an experience known to precious few colleges in the poverty-stricken South of eighty or so years ago.

President Crowell and the newfangled, young Ph.D.s he had to recruit for the faculty when Trinity moved to Durham in 1892 not only dreamed of excellence. They found patrons in Washington Duke and his son, Benjamin N. Duke, who gradually began to pay the bills for it. The momentum of the college increased around the turn of the century. The Dukes, rich Republicans in what was then a veritable sea of southern Democrats, preferred a broad national outlook to a sullen sectional one. North Carolina could tolerate such an institution as Trinity even if many in the state did not exactly love it, and many, especially Methodists, did love and try to support it. Money from the Duke family allowed Trinity College to enjoy an independence and critical stance that few other southern educational establishments in the first decades of this century could match.

When James B. Duke, Washington Duke's youngest son, prepared to

underwrite the organization of a university around Trinity in 1924, the college was ready. An interesting college with a distinctive style and history became, rather gracefully and naturally, a university that still strives toward excellence—and still struggles to pay the mounting costs of it.

So Duke University, like North Carolina, is both southern and unsouthern. On the wooded edge of a medium-sized industrial city, Duke is also on the edge of its own forest of some eight thousand acres. As a faculty member myself, I must leave it to others to speak about that component of today's university. But I will arbitrarily select a few of Duke's continuing, special attractions for me. As universities go, we are, thank God, still small, and all the evidence suggests that we will remain so. We have a cosmopolitan student body with whom, most of the time at least, it is both pleasant and challenging to engage in the learning process. Duke has one of the finest libraries in the country, not just in terms of the size of its holdings and the handsomeness of its facilities but in the friendly helpfulness of its dedicated staff. Five minutes from my office on West Campus, I can be in Sarah P. Duke Gardens and the peaceful woods around them—and I go there on most working days, in fact on the way to work. From different spots in those gardens, one can see the Gothic Towers of West Campus. The stone is warmly colored and from a nearby hillside; as Woodrow Wilson put it, we have put "those lines in our architecture which point every man's imagination to historic traditions of learning in the English-speaking race." For those reasons as well as the sheer beauty of the buildings, I enjoy living with the Tudor-Gothic style of West. On East Campus, where I liked being officed for more than twenty years in one of the too few buildings that remain from Trinity days, both the spacious grounds with their magnificent trees and the red-brick Georgian architecture are balms for anyone who will take the time to note his or her surroundings.

Trinity and Duke were here long before any of us now in residence came on the scene. They will be here long hence. That fact, in itself, is one of the enduring satisfactions to be derived from being a part of an institution like Duke.

By Robert F. Durden
Professor of History
Author, THE DUKES OF DURHAM

Everything you always wanted to know about Duke but didn't know who to ask.

Now that you are a true Blue Devil you will be besieged in your first few weeks by a number of acronyms, terms and phrases that you may have never heard before. You were smart enough to get into Duke, so you will probably figure them out soon enough. But here is a "cheat sheet" just in case.

ADVICE—Your academic adviser will give it by appointment only. Your R.A. will give it in the dorm. Upperclassmen will give it over pizza. Weigh it all carefully—some sources are better than others.

ALCOHOL—(not of the rubbing variety) In North Carolina, you must be 21 to purchase liquor, beer, or wine.

ASDU—Associated Students of Duke University, the official student government. ASDU has two bodies: a legislature, composed of at least one representative per dormitory, and an executive committee, composed of representatives chosen by the students in general election and executives appointed by the president. When working properly, the body makes policy recommendations to the administration and chooses all student members on university committees.

BASKETBALL—THE sport at Duke. It's also the main topic of conversation from November through March.

BEACH—Where students escape to in the spring. Fort Lauderdale is the place to go for spring break; Myrtle Beach, S.C. is the post-exams/pregraduation retreat.

BENCHES—East and West campus eye sores for alums. See SCOPING.

BRIDGE—A Duke landmark. The buses pass underneath them and the graffiti on them changes daily.

BRYAN UNIVERSITY CENTER—The hub of the campus. Be it movies or mail, milkshakes or meetings, you'll find it here.

BUSES—What take you to East, West, Central, and North campuses and vice versa. They get incredibly crowded between classes and invariably don't run when it's raining and you're late.

CABLE 13—student-run cable channel featuring such Duke favorites as "Life on the Quad" and "Trinity Feud" and "Duke Magazine".

CAMBRIDGE INN—Called the C.I., the Cambridge Inn is the West Campus hot spot, featuring strong coffee, beer on tap, a deli, and munchies. SEE FRESHMAN 15.

CAPS—Confidential Counseling and Psychological Services to help students solve their problems, personal and professional.

CCC—Figured out where House C is? Heard of House CC? . . . Well, don't forget to discover CCC! **See** Duke alumni discuss a broad spectrum of careers. **See** what job opportunities your major has in store for you; **See** the Conference on Career Choices Spring Semester 1989!

CENTRAL CAMPUS—Apartments located in between East and West campus. Houses grad students as well as undergraduates. Great place to get a home-cooked meal away from home!

CHAPEL HILL—Where some of the best restaurants and bars in the area are located. A 20-minute drive. Also the home of another North Carolina university, but not THE university of North Carolina.

CHRONICLE—Duke's five-day-a-week newspaper. The comics, personals, and crossword puzzle provide lunchtime entertainment. Editors are elected by the staff, anyone can write.

CLUSTERS—Where freshmen will find themselves living. There are three, each made up of several dorms.

CRIPS—Easy courses. Upperclassmen will gladly share their lists of crips, but professors have been known to change the requirements. The most famous nicknames: "Rocks for Jocks," "Stars," "Guns and Boats," "Physics for Poets."

DOWNUNDER ("DU")—Located underneath Gilbert-Addoms dormitory—a melting pot of all DUFS eateries. Open late to satisfy popcorn and frozen yogurt cravings. Also features local bands.

DROP/ADD—The world's longest line. Held the second day of class each semester from 4 to 6 p.m. If you get permission note from the professor of the course you want to "add," you guarantee admission and avoid the long line.

DUKE CARD—Like a credit card, only your parents have already paid the bill. It is your student identification card, semester enrollment card, and meal card all rolled into one. With a Flexible Spending Account you can buy non-food items like books, sportswear, shampoo, and even computers.

DURHAM—Rhymes with "germ," but it's really a nice place to live. All-America City—get to know it, it's really growing.

EGG DROP—An event which often draws a lot of attention each fall. The objective is to drop an egg off a building in a device which prevents breakage. Always eggciting. See ENGINEERING.

ENGINEERING—A major for some 200 members of your class. Contrary to popular belief, not all engineers wear calculators on their belts or converse only with computers.

ESCORT SERVICE—By calling 684-2218 you can obtain escort service from 10:00 p.m. to midnight within seven blocks off campus and 12:00 midnight to 2:00 a.m. on campus.

FLEX—the Flexible Spending Account or the Duke charge card used to buy such necessities as beer, food, deodorant . . . oh yeah, and books.

FRESHMAN 15—Average number of pounds gained by Duke newcomers on acquaintance with campus food.

GARDENS—The best on-campus escape. Just a few steps from main quad, the Sarah P. Duke Gardens have lots of nooks, crannies and open spaces for playing, studying or pondering the meaning of life.

GOTHIC BOOKSTORE—The best place on campus to kill time. Located in Bryan University Center the bookstore has a wide range of enjoyable reading; what it doesn't have the salespeople will order for you.

GRADELI'S—Trent Drive Hall's sub sandwich/ice cream sundae haven.

GRADES—Not worth worrying about as much as you may think. To keep in mind: Mid-term grades are usually lower than final grades, and your grades tend to get higher as you get older.

GREEKS—Approximately forty percent of the undergraduate men and forty percent of the undergraduate women. Mother's advice: Try rush and then decide what is best for you.

HIDEAWAY BAR—The late-night hangout that has beer on tap, a television, video games, and a pool table. Hidden away under the Pits, if you can find it.

IFC—the Interfraternity Council coordinates and watches over the 18 fraternities.

INDEPENDENTS—Those who aren't greeks. Come in all shapes, sizes, degrees of beauty and intelligence.

INTRAMURALS—Athletics for non-athletes. A number of sports are played year-round. The PE department has information.

JAMES BUCHANAN DUKE—The man who watches over West Campus. This statuesque figure sports different costumes on different occasions.

JUDICIAL BOARD—A student-faculty board that tries cases ranging from academic dishonesty to assault.

LIBRARY—Perkins has more than 3 million books, but it seems like the one you need is always checked out. It's also a campus hot-spot on Sunday nights. See SOCIAL LIFE.

President

Phillip A. Griffiths
Provost

William J. Griffith
Vice President for Student Affairs

M. Laney Funderburk
Director of Alumni Affairs

LICKS—Located in the Rat, featuring Steve's ice cream and frozen yogurt. Easily recognizable by the pseudo-Rolling Stone logo and the long line.

MEDICAL CENTER—One of the biggest and best in the country, this 1,000+ room facility is best known to undergraduates as the shortest way to get from Trent and Hanes to West Campus.

MOUNTAINS—The fall break escape. The Blue Ridge mountains are perfect for camping, particularly on "leaf" or "peak" weekend, the second or third weekend in October when the changing leaves are the most beautiful.

NERDS—Persons who live in the library, or wish they could!

PANHEL—The Panhellenic Council oversees Rush and other activities of Duke's 13 sororities.

PISCES—peer counselors trained to answer a variety of queries, from birth control to date rape to social diseases.

PIZZA DEVIL—On-campus pizza delivery service. Great way to spend extra points or curb the midnight munchies. See FRESHMAN 15. It's a major contributor!

PITS—The loving nickname for the Blue and White Room, the main dining hall.

POINTS—Units of exchange for the campus-wide board plan. Points are worth one cent each and are your ticket to luxurious dining everywhere.

PREPPIE—Button-down collars, polos, L.L. Bean shoes, khakis, Fair Isle sweaters and blindingly bright colors.

PROFESSORS—Call them Dr. or Professor So and So. Assistant professors do not have tenure; associate and full professors do.

QUARRY—Favorite tanning spot for Dukies. Located 20 minutes from campus.

QUIET—A phenomenon found occasionally on East, less on West, and NEVER in freshman dorms.

RATHSKELLAR—Called "The Rat"—Features a Duke favorite—hot nachos.

REAL WORLD—Life beyond Duke's gothic wonderland. What it is you're being prepared to handle.

RIDE-RIDER BOARD—a wooden replica of the U.S. in the Bryan Center to help students find rides or passengers for upcoming vacations or weekend getaways.

SAFE RIDES—a weekend escort service sponsored by ASDU, the IFC and Panhel. See ESCORT SERVICE.

Dean of Trinity College and Arts and Sciences

Earl H. Dowell
Dean of School of Engineering

Richard L. Cox
Dean for Residential Life

Suzanne J. Wasiolek
Dean for Student Life

SCOPING—The main term for scrutinizing a member of the opposite sex. See SOCIAL LIFE.

SHAGGING/BEACH MUSIC (for you Yankees): A popular form of dance at Duke. It swings and spins to old Motown hits. You'll have to experience it.

SOCIAL LIFE—Ranges from large parties to small gatherings among friends. The social life at Duke is what you make it.

STUDENT ACTIVITIES OFFICE—The place to find out about the approximately 300 clubs and organizations on campus. It provides resources such as advice in planning events, information about university policies, and also phones, typewriters, and work space for use by clubs and organizations.

STUDENT HEALTH—Located in Pickens building on North campus; not to be confused with the infirmary on East Campus behind Brown house. Not bad for common colds and flus.

THE PUB—Central Campus' answer to off-campus eating offering a variety of hot sandwiches and beers for those over 21.

UNCLE HARRY'S—The Central Campus convenience store that operates on points. Next to the Pub and Central's swimming pool, off Yearby Street.

UNIVERSITY ADMINISTRATION—Otherwise known as the Allen Building Gang. You will probably have to deal with one or more of them during your stay at Duke. The gang includes H. Keith H. Brodie, president; Phillip Griffiths, provost, responsible for academics; Richard White, dean of arts and sciences; Earl Dowell, dean of the School of Engineering; William Griffith, vice president for student affairs; Clark Cahow, registrar; and Caroline Lattimore, dean of minority affairs.

UNIVERSITY UNION—Sponsors Major Speakers, Special Events, Freewater Films, Performing Arts, Cable Television, Major Attractions, etc. Anyone can work for them.

VARSITY SPORTS—Men's basketball may be king, but a number of non-revenue sports are worth watching. Check out soccer, ice hockey, gymnastics, field hockey, swimming or track for starters.

WALL—Legend has it that the wall around East Campus is really 10 feet high, with six feet buried underground to get around James Duke's stipulation that a 10-foot wall be built to protect the women on East.

WARM WEATHER—Why some people come to Duke. Wait 'til winter!

WASHINGTON DUKE—Rumor says that if a virgin walks in front of this seated man on East Campus, he will stand up and salute.

WXDU—88.7 on your radio dial; the student-run station offers a variety of music as well as sports and news shows.

XEROX—A machine you will learn to love. You can obtain an operator's card at the Duke Store in the Bryan Center, the East Campus Dope Shop, Perkins Library, Physics Library, and Office Products.

YEARBOOK AND OTHER PUBLICATIONS—The Chanticleer is Duke's sometimes non-traditional yearbook. Other publications include a literary and photographic magazine, a humor magazine, a general magazine and the Teacher-Course Evaluation Book.

ZOO—The best place in Perkins Library to study when you are really interested in scoping. Also, check out the Graduate Reading Room one flight up.

ZZZs—The fine art of studying the inside of one's eyelids. Practiced extensively in Perkins during exams. A student can never get enough of this.
